Based In: New Orelans, LA

Three Event Items I Cannot Live Without: Sunglasses, my CamelBak, and a fanny pack

Social Media Links and Bio:

I recently graduated from Loyola University New Orleans with a B.S. in Music Industry Studies. During college I interned with The Recording Academy in New Orleans for 2 years specializing in event planning/production, among working other unrelated individual events. I've gained a wide range of experience from festivals including New Orleans Jazz Fest, Voodoo, Sloss Fest, and Flambeau Fest, as well as working with specific artists and events.

I work hard to maintain a positive attitude and welcoming environment for co-workers and customers, and will bring 100%

to any task I'm given. I believe that working in entertainment is a fine balance between having fun and being efficient, so let me show you how I do just that.
