Company: Independent Contractor

Reach out: trit12@yahoo.com

Last Events Worked: Guns N Roses, Austin City Limits Fest, VooDoo Fest

Based In: New Orleans, LA

Social Media Links and Bio:

I have been in this industry my whole life seeing as my father was a rigger. I grew up backstage and on the road. My first tour was with Ozzfest as a drum tech for 3 years. I always inspired to be a climber/rigger but I started as a hand and learned every aspect from decks to production of lighting, audio, video, pyro, etc.

My passion is climbing and rigging. If I had to choose a second I'd say lighting. I'm experienced in all areas, however, and can be put anywhere if needed.

Last Events Worked: NFL Draft 2016, Mysteryland USA, TomorrowWorld USA, Coachella, Lollapalooza

Based In: Chicago, IL

Social Media Links and Bio:

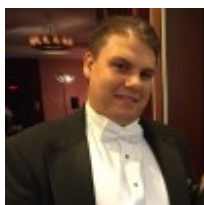

I've been working in events for about five years. I started as a volunteer for a year, then as the Trash Sorting Manager for SummerCamp Music Festival in 2013 as my first paid gig. From there I delved into Parking/Mobility Operations and held positions at Rootwire, Gratify, Wakarusa, Phases of the Moon, Mysteryland USA, etc. I like Parking and everything that comes with it.

In Chicago, where I'm based out of, I help build the sites of several yearly street festivals as well as the Christkindlmarket in Daley Plaza every Winter. As of the last

couple years I've tried to open myself up to production builds as often as possible, having worked on Mamby on the Beach, Freaky Deaky, SummerCamp Music Festival helping build trussing, scaffolding and the like. Nowadays I book my own gigs and FOLLOW THE WORK.

Last Events Worked: Shoals Community Theater, Singing River, Broadcast Radio

Based In: Muscle Shoals, Alabama

Social Media Links and Bio:

Joshua (Josh) Hatton is a passionate Event Producer & Audio Engineer based in the "Hit Recording Capital of the

World"...Muscle Shoals, Alabama. He was "bit by the bug" at age 14, where he began collecting audio equipment, and "experimenting" with the craft in various ways. In a future focus of becoming a Music Teacher, life made a sharp turn in a different direction. After losing his adopted father (grandfather) to a heart attack, and his birth mother to drug abuse, his life changed forever. Through grievance and depression of the sudden losses, he gained clear focus of what has always kept him strong... MUSIC. As they say, One thing always leads to another, and When one door closes another one opens.

He formed and built a Production Company from the ground up all on his own, and opened the company in May of 2003. His tools, talents and techniques have morphed into ultimate passion for the live event industry. He has become a tasteful audio engineer, and has continued to grow his Production Management abilities along the way. He has been blessed to work with many legends and stars he grew up listening to, such as his all-time favorite Country Music group, Restless Heart. His work with this legendary band really fired him up for his work in the Entertainment industry and securing the future he is building for he and his family. This is where he feels he needs to be... Mixing and Producing Live Events. He would love to have your events grow with a little of his "Passion Fuel" in-effect for you!
